*When your life is in the city,
but your heart is in the wilderness.*

Good news, nature lovers. At BackCountry, outdoor adventures tuck nicely into everyday life. Strike out on a lushly landscaped trail toward the South Rim, BackCountry's 467 acres of private, protected open space. Or venture into the adjacent 8,200-acre wilderness area for a little elk-watching. Wherever you go, a look to the west rewards you with breathtaking Front Range views. This is life at BackCountry, a premier, gated, luxury home community in Highlands Ranch. Which also provides you with more civilized pursuits, such as concerts at the outdoor amphitheater, and gatherings at the award-winning Sundial House ranging from pool parties and yoga classes to wine tastings and Friday night dinners at the pub.

*HOMES THAT FIT
YOUR NEW LIFESTYLE.*

Surrounded by so much natural beauty, BackCountry homes deserve to be exceptional. And so they are. The Milestone Collection by Berkeley Homes, an intimate enclave of 36 Colorado-contemporary homes, is rising on some of BackCountry's last available home sites. Three innovative, two-story home plans range from 2,555 to 2,960 finished square feet, and celebrate the setting with large outdoor living spaces, abundant windows to capture natural light and views, and open plans designed for unforgettable entertaining. Many homes offer garden-level or walk-out basements for even more well-lighted living space. All are specially designed to enhance the one-of-a-kind lifestyle of BackCountry, recently named Community of the Year by the Home Builders Association of Metro Denver.
